FINANCIAL COMMENTS

The compensation of the City Manager is established by an employment agreement with the City Council and is available for review on the City's website. In addition, to further the City Council's economic development goals and spur private investment in Morgan Hill, the City's economic development funding for personnel, programs, and initiatives is included in the City Manager's budget. Beginning in FY 16-17, part-time temporary personnel funds were added to assist with significant projects and initiatives, such as: negotiating the extension of the CALFIRE partnership agreement, assess and address impacts of Affordable Care Act (ACA), and update the City's Injury and Illness Prevention Program. Long-term these funds may be used to employ an International City/County Management Association (ICMA) Fellow. The ICMA Local Government Management Fellowship provides opportunities for master program graduates to develop real-world management skills from senior level government mentors. In return, the City benefits from the skills and expertise of graduates that can add value on a variety of projects.

Note: Economic Development narrative moved to the Community Development Department section in FY 16-17
